

A time when there is great fear that the stock of dry lumber, ash, doors, blinds, &c., will fall, owing to the vast amount of improvement in Louisville, it will be interesting to the public to know that Alexander, Ellis & Co., have enlarged their factory and have now on hand several million of dry lumber. On all their office on Main street, nearly opposite the Galt House, or at their factory on Fulton, above Preston street.

J. N. Collins calls the best of coal at his office. Third street, between Market and Jefferson. Give him your orders.

Dr. Brannenburgh—Dear Sir: I have to state that your Tonic and Aque Aniloid is doing me good, and I am able to do my daily growing into favor, and needs no putting to recommend it, as its own merits are sufficient, wherever it has been made. I believe it has never failed where the administration has been proceeded with in accordance with the directions. It is a pleasure to sell this medicine, and the expectation of purchasers and give satisfaction, and as such I am proud to recommend your Pills.
